

FROM THE PORT OF VENICE

Venice in a Day by Boat

DURATION

10 hr

TOUR DIFFICULTY

EASY MEDIUM HARD

This private tour departs directly from your cruise ship at the port of Venice and is ideal for first-time visitors to Venice. The tour features a private boat tour of the Grand Canal that ends in the famed St. Mark's Square where you will visit the Cathedral of Venice, St. Mark's Basilica, with the richness of its marbles and mosaics; the Doge's palace, fourteenth century building from where the ancient Venetian republic exerted the control over the city and the bridge of Sighs, the enclosed bridge made of white limestone that passes over the Rio di Palazzo and connects the New Prison (Prigioni Nuove) to the interrogation rooms in the Doge's Palace.

The view from the Bridge of Sighs was the last view of Venice that convicts saw before their imprisonment. The bridge name, given by Lord as a translation from the Italian "Ponte dei sospiri" in the 19th century, comes from the suggestion that prisoners would sigh at their final view of beautiful Venice through the window before being taken down to their cells. After this enchanting experience your guide will accompany you by private boat to nearby Burano for a stroll along the canal bordered by the colorful buildings that make the island-town famous. After a delicious lunch, you will have time to enjoy the local piazza and shop for the embroidered treasures that are made locally. Alternatively, your captain and guide will take you to the famed glass making island of Murano where you will visit a glass making workshop and visit the Murano glass museum. Your captain will accompany you directly to your cruise ship with plenty of time before your departure.
